

ENVIRONMENTAL POLICY

The Executive Board of Directors of Innes England is committed to: -

- Comply with legal and other related requirements and driving continual improvement in environmental performance through compliance with various standards etc.
- Preventing pollution and reducing Innes England's impact on the environment by identifying and reducing environmental impacts of its operational and design activities.
- Developing, practicing and improving policies, procedures, objectives and targets to promote environmentally friendly and energy efficient practices.
- The use, where practicable, of materials and products originating from sources which can be shown to be sustainable and which are re-useable or can be recycled.
- Ensuring that all our staff is aware of the risks posed to the environment by our operational activities and of the measures taken to protect it.
- Ensuring that all waste produced by Innes England's operational activities are processed, stored and disposed of in such a way as to avoid causing damage to the environment.
- Encouraging environmentally responsible behaviour from all of our employees and promoting an environmentally considerate culture within the organisation.
- Encouraging suppliers and sub-contractors to comply with Innes England's Environmental Policy and to adopt similar standards themselves.
